11 Somerleyton Village Hall	Community	SOMERLEYTON	It's important to build a new village hall located on the recreation field, because the current one will not survive for another 20 years.
20 Somerleyton Village Hall	Community	SOMERLEYTON	New village hall.

Vision is one of thriving happy community, one which values the rich countryside and opportunities for leisure. A small amount of expansion would be welcomed.

27A Train Station	Community	SOMERLEYTON	Provision of a village hall fit for purpose. Maintain train link.
68 Car parking at schools is a problem	Education	LOUND	Best to keep schooling local, helps to build and preserve the community, is better for the environment. If we save all those school trips. Car parking is a huge problem in around present schools.
69 Car parking at schools is a problem	Education	LOUND	Both Blundeston and Somerleyton Primary Schools suffer from inadequate parking for parents. Major development in either village and the schools will not physically cope with increased numbers.
71 Car parking at schools is a problem	Education	LOUND	Car parking is a problem at Blundeston and Somerleyton schools
77 Car parking at schools is a problem	Education	SOMERLEYTON	Keep school, but improve access, car parking.
78 Car parking at schools is a problem	Education	SOMERLEYTON	Keep the school but improve the road access around the Green. Move those wooden posts or get rid of them.
81 Car parking at schools is a problem	Education	SOMERLEYTON	No change to current school sizes or locations required. Parking at primary school a problem. Walking Bus plus improved provision for those who <u>have</u> to use car.
83 Car parking at schools is a problem	Education	SOMERLEYTON	Our school is an essential element of the community but the traffic issue is made worse by the number of parents bringing their children from elsewhere.
84 Car parking at schools is a problem	Education	SOMERLEYTON	Our village school is thriving. I'd like to see it stay. Access is a slight problem for people who need to drive to school, but it is improving.
72A Car parking at schools is a problem	Education	LOUND	Due to overcrowding at Blundeston, Somerleyton and Corton schools it would make sense to open Lothingland Middle School again. This would also ease parking and congestion of cars.
67 Keep Lothingland as a school	Education	LOUND	As the area expands we will need more school places therefore the middle school site should be kept for educational purposes.
72 Keep Lothingland as a school	Education	LOUND	Due to overcrowding at Blundeston, Somerleyton and Corton schools it would make sense to open Lothingland Middle School again. This would also ease parking and congestion of cars.
87 Keep Lothingland as a school	Education	LOUND	Reopen the Lound School because all the pollution with all the additional transport having to get children to other places in Lowestoft and surrounding areas. Have something for the children in holiday times.
66 New school at Blundeston Prison Site	Education	LOUND	Access to Schools could be better , expand Blundeston etc.
75 New school at Blundeston Prison Site	Education	LOUND	If there is major development in Blundeston the school will not cope. It is already at full capacity. New housing should INCLUDE a new larger school on the prison site. The old school site could then be used for housing by way of exchange.
70 School Access / Capacity	Education	LOUND	Building this amount of proposed houses how will the schools cope? There are so many cut backs with services.
74 School Access / Capacity	Education	SOMERLEYTON	Highly desirable to keep school, but depends on young families living in 3-4 parishes.
76 School Access / Capacity	Education	LOUND	Important to keep the small village schools. But if villages expand local schooling will definitely not be adequate
79 School Access / Capacity	Education	LOUND	Local Primary Schools should be maintained and expanded (e.g. Extra housing in Blundeston might put pressure on School and force others to seek places outside catchment.
82 School Access / Capacity	Education	LOUND	Our children go to three primary schools, Hopton and Somerleyton as well as the catchment school of Blundeston. All are full to bursting point I believe - what next?
88 School Access / Capacity	Education	SOMERLEYTON	School very good. It would help if there was room for Somerleyton children who move to the village.
90 School Access / Capacity	Education	LOUND	Where will extra children go to school? Local schools are already oversubscribed

80	Traffic too fast near school	Education	SOMERLEYTON	Need more measures to get traffic to slow down!
89	Traffic too fast near school	Education	SOMERLEYTON	Traffic is too fast on the bend approaching the school. Paramount to keep our village school.
93	Development of Sites to promote Business	Employment	LOUND	Employers in local villages will only ever be for light industry - otherwise the villages will be overwhelmed. Ideally old farm buildings might be usefully converted with start-up finance.
95	Development of Sites to promote Business	Employment	LOUND	Is there opportunity for NWES take the School Site.
96	Development of Sites to promote Business	Employment	SOMERLEYTON	Keep garage
100	Development of Sites to promote Business	Employment	LOUND	Sadly there are no employment opportunities in this area perhaps small units could be set up but it would mean more houses to be built where they are going to be built. That is the problem.
103	Development of Sites to promote Business	Employment	SOMERLEYTON	Use barn on Herringfleet Road as shop
106	Development of Sites to promote Business	Employment	LOUND	We already have a small number of small businesses in the village
104A	Development of Sites to promote Business	Employment	LOUND	Use of ex school site for business use (either multi units or a single enterprise requiring open land e.g. horticultural?)
92B	Development of Sites to promote Business	Employment	SOMERLEYTON	Develop boatyard to attract more business. Rent garage site to a business. Non-retail gives most jobs. Support in the early years would need the estate to act as a benevolence. Nothing too big as B1074 not suitable for HGV.
99A	Development of Sites to promote Business	Employment	SOMERLEYTON	Reinstate village shop/P.O.
91	Jobs in Leisure Industry	Employment	SOMERLEYTON	Leisure based industries.
92	Jobs in Leisure Industry	Employment	SOMERLEYTON	Develop boatyard to attract more business. Rent garage site to a business. Non-retail gives most jobs. Support in the early years would need the estate to act as a benevolence. Nothing too big as B1074 not suitable for HGV.
94	Jobs in Leisure Industry	Employment	LOUND	Employment needed for younger workers perhaps in Leisure.
98	Jobs in Leisure Industry	Employment	SOMERLEYTON	Recreational & Land based industries. Good internet links should be maintained.
104	Jobs in Leisure Industry	Employment	LOUND	Use of ex school site for business use (either multi units or a single enterprise requiring open land e.g. horticultural?)
105	Jobs in Leisure Industry	Employment	SOMERLEYTON	Village should become a favoured tourist location. Good B & B's- Train service + train company sponsored walks. Locally sourced food/beer. Footpaths and paths.
107	Jobs in Leisure Industry	Employment	LOUND	We need local employment to keep working age people in the village. It is in danger of becoming a commuter village; this in turn destroys the community ethos and the residents who don't know anyone because they work away.
7	Promotion of Leisure and Tourism	Employment	SOMERLEYTON	Expand leisure facilities, more employment opportunities.
97	Promotion of Leisure and Tourism	Employment	SOMERLEYTON	Promote bridleways and equestrian tourism./B&B's

140	Promotion of Leisure and Tourism	Employment	SOMERLEYTON	Promote the villages as places to visit on foot and enjoy.
105A	Promotion of Leisure and Tourism	Employment	SOMERLEYTON	Village should become a favoured tourist location. Good B & B's- Train service + train company sponsored walks. Locally sourced food/beer. Footpaths and paths.

92A	Promotion of Leisure and Tourism	Employment	SOMERLEYTON	Develop boatyard to attract more business. Rent garage site to a business. Non-retail gives most jobs. Support in the early years would need the estate to act as a benevolence. Nothing too big as B1074 not suitable for HGV.
98A	Promotion of Leisure and Tourism	Employment	SOMERLEYTON	Recreational & Land based industries. Good internet links should be maintained.
108	Development of Sites to promote Business	Employment	LOUND	Redevelopment in Lowestoft would create more jobs. There are old buildings that could be converted or built on to create living affordable housing rather than build on village green sites.
109	Development of Sites to promote Business	Employment	LOUND	Villages should support local business but businesses could be invited into the area.
110	Development of Sites to promote Business	Employment	LOUND	Why can't Lothingland School site be used for local/light industry/ work unit? There is good access to A12 and pleasant working environment.
12	Access to Countryside	Environment	LOUND	Lound pond is lovely with the ducks, who would be more at risk from increased traffic. Footpaths need to be kept and not go through estate.
111	Access to Countryside	Environment	SOMERLEYTON	Access to the Herringfleet Hills.
112	Access to Countryside	Environment	SOMERLEYTON	Accessibility of surrounding countryside. Still very much a rural village.
118	Access to Countryside	Environment	SOMERLEYTON	Herringfleet Hills car park needs to be open to the public.
119	Access to Countryside	Environment	SOMERLEYTON	Herringfleet Hills is a valuable walking / country experience. Parking on the Hills should be opened to reduce / stop parking along the roadside. Public walking should be able to continue.
120	Access to Countryside	Environment	SOMERLEYTON	Herringfleet Hills was common land. This should be a public space. Car park should be made available to use again. All helps people from outside the area to connect to the countryside.
122	Access to Countryside	Environment	SOMERLEYTON	I really value the countryside and wildlife.
130	Access to Countryside	Environment	SOMERLEYTON	Link the historic buildings and places to the footpath system in a leaflet map.
133	Access to Countryside	Environment	SOMERLEYTON	More access for pedestrians, eg footpath Dukes Head to link with Sunnybank Station Wood.
134	Access to Countryside	Environment	SOMERLEYTON	Need more footpaths. Permissive route through Station Woods has been promised, but this has yet to materialise.
135	Access to Countryside	Environment	SOMERLEYTON	Pathways need to be maintained as they are very often too overgrown to walk. Post Office and shop.
139	Access to Countryside	Environment	SOMERLEYTON	Preserve the allotments. Some pathways seem to have been blocked off - Station Wood and access across Herringfleet marsh.
144	Access to Countryside	Environment	LOUND	Surrounding countryside and wildlife is very important.
150	Access to Countryside	Environment	LOUND	This area is a "green lung" between GY and Lowestoft. There is a lot of wildlife, ie the ESW site is an SSSI
155	Access to Countryside	Environment	SOMERLEYTON	Value - Rural nature, small size. Threats - Ignoring rules on open access at Herringfleet Hills. "Fencing in" generally, eg the Glebe fields.
158	Access to Countryside	Environment	LOUND	We would like to protect the unspoilt environment for residents and visitors alike.
159	Access to Countryside	Environment	LOUND	Wonderful walks and footpaths. Should be a conservation area.
160	Access to Countryside	Environment	LOUND	Would like to see the local environment protected.

162	Access to Countryside	Environment	SOMERLEYTON	More public footpaths please
254	Access to Countryside	Environment	SOMERLEYTON	Excellent and varied walks all around surrounding countryside.

279	Access to Countryside	Environment	SOMERLEYTON	Rural village with access to attractive countryside.
283	Access to Countryside	Environment	SOMERLEYTON	The local wildlife is fantastic.
288	Access to Countryside	Environment	SOMERLEYTON	We need to preserve the hedgerows and footpaths.
151A	Access to Countryside	Environment	SOMERLEYTON	Threats - Post Office and Shop. Valued - Allotments and Countryside.
249A	Access to Countryside	Environment	SOMERLEYTON	A beautiful rural village with friendly residents. Preserve wildlife, hedgerows, buildings.

256A Access to Countryside	Environment	SOMERLEYTON	Good community spirit. Lovely village so need to preserve historic buildings. Good area for walking. Need a village shop - nowhere this year for holidaymakers to buy milk etc. Need a better village hall.

262A Access to Countryside	Environment	LOUND	Like-Immediate access to footpaths + fields. Quiet (night-time) dark. People know each other
268A Access to Countryside	Environment	SOMERLEYTON	Lovely friendly village. Lots going on. Good pub off road. More walks could be opened on north side. Vision - a quieter village ie less mechanical items - strimmers - cars?
273A Access to Countryside	Environment	LOUND	Peaceful atmosphere, open space, local walking, birdwatching, riding etc. Good village community, care and concern for neighbours
275A Access to Countryside	Environment	SOMERLEYTON	Pleasant and friendly community. Good walking and surroundings. Too many cars parking on narrow roads.
282A Access to Countryside	Environment	SOMERLEYTON	The community. I'd like to preserve all of it but not the village hall which desperately needs replacing. Vision is one of thriving happy community, one which values the rich countryside and opportunities for leisure. A small amount of expansion would be welcomed.
284A Access to Countryside	Environment	SOMERLEYTON	The people - friendly. The landscape - beautiful. The wildlife - astonishing. The buildings - fascinating. The footpaths - challenging. The community - inclusive. The future - promising.

113 Listed Buildings and their Setting	Environment	LOUND	All the churches in these villages are listed buildings and are much loved and valued part of the community.
114 Listed Buildings and their Setting	Environment	LOUND	Amount of traffic going through village. We need to preserve our lovely church.

126 Listed Buildings and their Setting	Environment	LOUND	It would be nice to see a conservation area in Lound, i.e. The Street, Mardle, and the pub. Apart from Mardle House none listed, but the pub and going south to Harry's were all circa 1845 and the cottages I think circa 1860.

276	Listed Buildings and their Setting	Environment	SOMERLEYTON	Preserve - historic buildings.
127A	Listed Buildings and their Setting	Environment	LOUND	it's a lovely village and should not be spoilt by overcrowding of lots of additional housing. Policing of the speed limit, should be done through Lound. Keep the phone box and the connection. Keeping the peace and quiet is essential for the residents and visitors alike. A shop or farmers market on the land adjacent to the village hall, money to be put back into the community. Additional burial site.

175	Difficult to access current healthcare without a car	Health	SOMERLEYTON	Improved promotion + support of community transport for access to health care. 303		Other	SOMERLEYTON	Bus service needed.
304		Other	SOMERLEYTON	Buses needed.
305		Other	LOUD	Could sign at junction of Church Lane/Flixton Road be changed to Church Lane leading to Jay Lane.
306		Other	SOMERLEYTON	Develop garden in front of village hall. Take bottlebank away!
307		Other	SOMERLEYTON	Estate tenants need to be involved and have a voice: maybe introduce a Tenants' Association.
308		Other	LOUD	Increased public transport would help people of all ages to access the surrounding health services
309		Other	SOMERLEYTON	Large number of rented properties, probably on shorthold tenancies. This can be problematic for families who need stability. Could Estate Trustees consider more long term tenancies to promote stability and engagement.
310		Other	LOUD	Lound is quite rural village and it is a pleasure to live here. The main cause for concern is car parking in the street causing a bottle neck and possible accidents. If nothing is soon done in 20 years I hate to think what a lovely village will be like!

311	Other	SOMERLEYTON	Maintenance of unmade roads needed. Floods-Mud ruts. Not good for car.
312	Other	LOUND	More fitness classes./activities at the village hall during the evenings so working people can attend.
313	Other	SOMERLEYTON	More for the Youth of the Village and surrounding parishes
314	Other	SOMERLEYTON	New tenants to Somerleyton should not be charged an extra £100 for gardening per month. Tenants could be charged if their gardens are not tidy. Estate workers are busy in the summer. Nothing much grows in the winter.
315	Other	SOMERLEYTON	New village hall needs Estate support rather than ego enhancing alternatives.
316	Other	SOMERLEYTON	Promotion of health lifestyle:-more activities in the village hall for all age groups.
317	Other	LOUND	Public transport and a regular bus service.
318	Other	LOUND	Public Transport should be improved.
319	Other	SOMERLEYTON	Put a defibrillator in the old phone box.
320	Other	SOMERLEYTON	Restoration of the bus service is needed. The bus used to give a good service that connected to the X1 to Yarmouth and James Paget.
321	Other	SOMERLEYTON	Road Sweeper
322	Other	SOMERLEYTON	SCC should consider restricting traffic on Slugs Lane. Lovely lane marred by cars driving too fast.
323	Other	LOUND	Speed limit on Jay Lane from A12 to School reduced to say 40mph.
324	Other	LOUND	Speed limit should be down to 20 mph. A flasher unit to show your speed. The Street is full of cars now. People travel far too fast through Lound. More houses mean more cars.
325	Other	LOUND	Speed limit through Lound should be reduced to 20 mph and permanent signs showing how fast you are going erected.
326	Other	SOMERLEYTON	Tenants make up 50% of the village, but hardly any involved in village life. Must help them more and welcome them more.
327	Other	SOMERLEYTON	The drains in the street need regular cleaning
328	Other	SOMERLEYTON	The Estate going its own way without true concern for the village's long term future. Change to a more inclusive community.
329	Other	LOUND	The lack of proper public transport is a big issue. Accepting that bus usage is not enough to be viable economically- we need a community bus service.
330	Other	SOMERLEYTON	The sewerage problem experienced by resident in Sunnybanks - Herringfleet needs to be sorted.
331	Other	LOUND	The Street speed limit needs to be reduced to 20 like most other villages
332	Other	LOUND	There are plans to cut funding for chemists. Patients are having to wait a week or more to see their GP now, another Doctor's surgery is closing in Lowestoft
333	Other	LOUND	Traffic coming through the village at speed needs to be controlled before there is a fatal accident.
334	Other	SOMERLEYTON	Transport ie bus.
335	Other	SOMERLEYTON	University of the third age promoted in the village.
336	Other	SOMERLEYTON	We desperately need a bus service
337	Other	SOMERLEYTON	We need a road sweeper
154A	Other	SOMERLEYTON	Use the shop as a shop. What it was designed and built for.
206A	Other	LOUND	If any housing is allowed it must be kept to a minimum. The Lothingland School site would be a nice sports facility.
207B	Other	LOUND	If we are to stay a village and keep the village ethos. Housing needs to be in small developments not huge housing estates. Need to be in keeping and consider the facilities that the villages have and the existing residents.
237A	Other	SOMERLEYTON	Use the shop as a shop and do not try and adapt to housing. Best place for housing is the disused petrol station.
246A	Other	LOUND	School Buildings would make a great facility for fitness classes/sports/recreation/swimming pool maybe a few houses built here too.
6A	Other	SOMERLEYTON	<u>Bus</u> as a long walk from village to Station and we have no Post Office.
